

SUMMARY

B. Tech Computer Science student specializing in Cyber Security, with a strong interest in web and app development.

I am an experienced and well-practiced web developer, skilled in efficiently creating responsive and dynamic web pages. Currently, I am actively working on freelancing projects, honing my skills in delivering high-quality, user-centric designs and optimizing web performance. With a passion for both security and development, I am seeking job opportunities to apply my knowledge, grow professionally, and contribute to innovative solutions in the field of technology.

SKILLS

Programming Languages: Java, Python, C++, C
